
TIMELESS FARM

Invites you to attend a Hunter/Jumper riding and auditing clinic with Nick Karazissis

June 1st, 2nd, 3rd 2012

Take advantage of this incredible opportunity to learn from one of the greats in the Hunter/Jumper Industry!

Nick Karazissis will travel to Timeless Farm from Woodland Hills, CA, where his Far West Farms is not only one of the oldest, but one of the most successful businesses on the West Coast in the fields of Equitation, Hunters and Show Jumping.

For more than 30 years, Far West Farms has been synonymous with quality, tradition and blue ribbons, turning out scores of champions on the West Coast, and on the national level. Nick with his brother Kost, sister-in-law Jenny, and daughter Cassandra, have consistently had Far West riders and horses winning Year End Awards in U.S. Hunter/Jumper Association (USHJA) and United States Equestrian Federation (USEF) and Pacific Coast Horse Shows Association (PCHA) horse shows for many years.

Over the last 40 years of teaching, Nick has also been responsible for training numerous hunter and equitation champions, and importing and training a number of outstanding horses that have also been West Coast Champions. Many of his very successful students have gone on to become prominent professional trainers and riders. His personal successes have included the opportunity to mentor these respected professionals.

Nick's consistent show ring success has made him an extremely popular clinician. He's been giving clinics throughout the United States for over 20 years. He is also a USEF "R" judge and has held his judges card for over three decades.

When he is not giving clinics, judging, training or attending shows with clients, Nick is busy donating his time to the governance of the sport. He serves as the United States Hunter/Jumper Association/United States Equestrian Federation (USHJA/USEF) Zone 10 Chairman and is on the USHJA Hunter Council and the USHJA Official's Education Committee. He gives his time as part of the USEF Equitation Task Force and is also on its Continuing Education Committee. He's also served for many years on the boards of directors of the Pacific Coast Horse Shows Association and California Professional Horseman's Association.

His latest contribution to the sport is organizing, writing and directing the new "Get Connected DVD" which is one of the main clinic tools used for all USEF Hunter/Equitation Clinics.
